Then Raise You Up

J Hi everyone! Thanks for coming to our show!

S It's been a pretty weird year and we're very thankful for all your support in keeping music in our lives.

K We started learning songs back in January for what we thought would be our show in June.

S But because of the group balance we weren't able to do those.

J So only a few weeks ago we learned two completely new songs.

S From scratch.

K And with only 2 rehearsals. Yeah,

ALL ... we're awesome

J So we have a really great show for you tonight.

K We just want to remind you about a couple things:

J Please turn your phones off and please keep your masks on

S Please stay with your group

K And now

ALL Please enjoy the show!
