

## THE CHALLENGE

I'm supposed to choose a suitor to wear the crown  
I said I would choose as soon as I weave this shroud  
They don't know that every night I unthread all the work I've done

'Cause I'd rather lie Than allow them to think they've won  
Though I never thought that I'd resort to this  
Just know I'll be here :56

But I don't know how much longer I'll last since we saw that storm  
And though it was so close to our kingdom, it was far from the norm, unless  
Oh, could it be some kinda sign  
That my world is all about to change?  
Is it finally time for the challenge I arranged?  
Though I never thought that it would come to this  
Just know I'll be here buying you time (2 measures inst)

~~Time is fleeting, it's running out Time to be the man of the house (oh, buying you time)~~  
~~Time is fleeting, it's running out Time to be the man of the house~~

Whoever can string my husband's old bow  
And shoot through 12 axes cleanly  
Will be the new king, sit down at the throne  
And rule with me as his queen

Let the arrow fly Once you know that your aim is true  
'Cause I'd rather die Than grow old without the best of you

Though I never thought that these would be the lengths we go for love  
I would not have it any other way  
And though I never thought that it would end like this  
Just know I'll be here 2:48  
Waiting, waiting 2:56 Oh
